Dear Class of 2022

Our School: *A staple in our community. Within this building, we work towards building dreams and friendships. We develop our minds through challenging courses, our health through our sports teams and our creativity through our clubs, music and arts programs.*

As the year comes to an end we look back and reflect on how you have progressed through your years here. We can remember hearing teachers speak of you as the most pleasant, hardworking and thoughtful group of students from your freshman year until now. We know that you have all of the traits necessary to make your dreams come true. There is no limit to what you can accomplish. We wish you the very best in your future endeavors and hope that all the best is yet to come.

Your Editors: Glenn Habibi and Debra Pastore

1. POOL: How many of your friends earned their lifeguard certifications? Did you dread going to pool freshman year?

2. LIBRARY: Great place to grab a book, meet up with friends and learn a fun skill in the "makerspace." Plus it is always decorated in an inviting way.

3. CAFETERIA: Lunch, study hall, free time. Best place to meet up with friends or meet new friends.

4. CORNER STONE: To think that our school has been in our community for decades and will be a staple in the community for years to come. Awesome!

The people and educators here at Lindenhurst help make your 4 years of high school memorable. It's important to work hard and maintain your grades, but everyone also needs to have some fun during the most important years of our lives. As I enter the real world, I'm nervous yet excited. It's scary because this is the time where I no longer rely on my parents, but learn to become independent and rely on myself.

Meghan Dawnkaski

Mathematics

Lindenhurst has provided us all with many wonderful opportunities. I would like to thank my teachers and fellow classmates for inspiring me to be the best I can be, and encouraging me to succeed. I am extremely grateful for everything I've learned through the years, and I will continue to bring this knowledge with me to accomplish my future goals.

Bevin Gao

Thank you Lindenhurst for giving me the resources that I needed and more to excel. Being apart of the Lindenhurst school community, has made me want to learn and push me to do the best that I can. I am so glad that I am bulldog, and being a bulldog I will cherish that forever. I can't wait to see what the future has in store, and I am ready to take on the college life!

Angelina Mavros

Biology (Pre-med track)

I would like to thank everybody for the sense of community we have been able to create. Becoming involved in various clubs and programs, which have allowed me to create a real, tangible change, has aided in aligning my passions with my goals for the future. The next few years will be some of the most influential of our lives, but I am excited to continue with the values we embrace and instill here in our town. I hope that these lessons will be passed on for years to come and for the sense of community we have built to only grow.

I would like to state that I'm extremely grateful for spending my 4 years of high school education in Lindenhurst. The opportunities, excellent teachers, and overall experience I had was so pleasant and I would not want to be anywhere else. I'm proud of our community's love and compassion towards each other, especially during times of distress. I am very excited to see what the future holds for me and I am ready to venture out into the real world.

Randy Ramsuchit

Salutatorian

New York Institute of Technology
Life Sciences, B.S./ Osteopathic Medicine, D.O.

I grew up making many memories within our school community. From kindergarten to now, there were always ups and downs. However, I took everyday one step at a time. Always to look at the bright side and tell yourself that you are capable of anything. I am very excited for my future and I will strive to accomplish all of my goals. Cherish these memories now. High school is a once in a lifetime experience. Enjoy every moment and don't forget to keep dreaming big.

Franchesca Rodriguez

Never feel afraid to make mistakes, for those mistakes are what help build your character. Don't beat yourself up over a few points on an exam, instead, analyze those mistakes and take them in. Aim to do better next time. Don't do it for the grades. Do it for your growth. Do it for your happiness.

Taylor Santha

Undecided: Villanova University, Stang Brook University, University at Albany, Baruch College

I am simultaneously eager and apprehensive to finish high school, but I am certain that the foundation that I built here in high school will serve me well in college and beyond. I am eternally grateful to have had the pleasure of learning from the talented teachers, administrators, coaches, students, and staff of LHS.

Hallie Holzwarth

Siena College

My message for the Lindenhurst School Community is that you'll never know what you can achieve until you put your mind to it. Change comes from consistency. Now that I am on my way out into the real world I am sad and scared to leave the comfort of high school but I am ready to start the new journey that awaits me.

Sarah Irfan

I'm so grateful for the opportunities I have been presented with during my time at Lindenhurst High School. I feel like I have grown so much not only as a student, but also as a person. I'm beyond excited to see what the future has in store for me!

Do the work when no one is looking, and you will be awarded in the light. Everything comes around eventually, just keeping pushing. It is crazy that high school is just about over, and now I have to face the real world. I am excited to see what it has to throw at me and see everything that I can accomplish.

Your impact on other people is bigger than you think. After four years at LHS, I will still laugh at a joke, or smile at a compliment told earlier during my freshman year. The advice you give has made a difference for people. The love and support you offer for others has once made someone's day. Whether you see it or not, your existence always makes a positive difference. Thank you to the Lindenhurst staff and students for an amazing four years!

In Memory of Sofia Garbe

Sofia Garbe- Class of 2022

Sofia was an avid reader. She loved going to concerts and spending time with her friends. She hated homework and hated wearing shoes. At school, she loved the theater arts program. She was always a champion of the underdog. She'd never turn her back on you, and most of all, she was an old wonderful soul. She is going to be missed forever by those of us lucky enough to have been in her world.

Student council is the governing body that is made up of students and advisors. Ms. Scharf and Mrs. Ruggiero oversaw an amazing group of students. Together they made decisions for the benefit of our school. They helped to facilitate all of the activities we look forward to year after year. Our seniors look forward to their graduating year having all of the traditional events. Students, faculty and staff participated in the student council organized fundraisers and events that benefited our community. The past few years have been challenging with social distancing and quarantining. Many events were postponed or canceled. Keeping everyone safe was naturally a priority. We had an amazing year regardless. The school community was dynamic as ever, taking everything in stride. We had an amazing year as a result of their hard work.

In Memory of Isabella Pine

To know Isabella, was to love her. Her smile alone could light up the room and anyone who knew her knows exactly what I'm talking about. She was the most vibrant little girl who was always giggling. She loved to cheer for her town and of course going to the Islander games with her family. Bella never failed to make sure someone felt included on the playground, trying to make everyone laugh and smile. She loved every part of life. We always wonder what kind of teenager she would be today. She was taken from us way too soon. She will definitely never be forgotten.

In Memory of Dominik Szczech

Dominik was a very intelligent young man. Dominik aced every math exam he took his freshmen year. His smile and kindness would light up any room that he walked into. Dominik was an amazing person and a great friend. His memory will live in our hearts forever, we are happy to have had the opportunity to know him and we will never forget him.
