TO: "You"
FROM: "I"
SUBJECT: "Us"

Dear "You," the Seniors of 1958,

It's 1968! (No, it really isn't, but let's imagine it is as we turn the pages of the BULLDOG.) It's 1968 and we have been out of school for ten years. We are at the height of life,—27 or 28 years of age. Most of us are married and come to think of it, some of us have kids that are just ready to begin their education at Lindy. 1968,—ten years. They've been difficult ones for some,—struggling years,—happy ones for others. They've been disappointing and frustrating ones to those who have fallen short of life's goals. They've been rewarding years to those who have made good. 1968! Here it is,—or at least it will be sooner than we think. Life's funny that way,—and the years really slip by. How'd things turn out, "You"? Now, as you flip through the pages of this book and look back at your younger days at Lindy,—and recall all of the events, the sports, the activities, the clubs, the Faculty and the rest of the 'Old Gang'—reflect for a moment. Have these ten years been happy ones? Have you made the most out of life? Life's funny, but it's full,—and complete,—and rewarding,—and so nice.

Above all, dear "You," don't ever despair or give up. When feeling 'down in the dumps,' think of Lindy,—think of your old pals. We're all pulling for you, and ten years is not a lifetime. It's just a start.

But "You" one thing do promise,—and that is not to discard this BULLDOG '58. Its pages will bring back everlasting memories. And while we're making promises, let's all promise to make these imaginary rendezvous with our pasts in 1978,—1988,—1998,—2008,—2018,—

Until we meet on the pages of BULLDOG '58 at some later date.

"I," the Seniors of 1958

It was aged with tradition...
But still growing
It was work
... It was play
... It was quiet
It was busy
... It was spirit
... It was friendly
It was and always will be
How well the above quotation reflects some men. It is especially symbolic of Mr. Lawrence C. Lobaugh, Superintendent of Lindenhurst Schools.

His position as Superintendent, as a figure in our community, and as a member of other helpful organizations, has caused Mr. Lobaugh to become a well known and respected individual, not only to students, but also to those outside of education. One indication of the recognition of his achievements is that he has been cited in Who's Who in American Sports 1929, Who's Who in American Education 1945 to 1946, Who's Who in New York 1952 and Who's Who in the East 1955.

During his tenure as Superintendent, Mr. Lobaugh has been the force which has raised our school system to its present level of importance and stature. It has been his sound judgement which has been instrumental in improving our standards to such an extent that Lindenhurst High School was accepted for membership in the Middle States Association of Colleges and Secondary Schools.

Our successful school building program has been assured by the constant concern of Mr. Lobaugh. Even in his last year as school superintendent, he has not neglected to leave the foundations for further beneficial goals.

Perhaps, though, what we as students will most remember, is the fine spirit which Mr. Lobaugh radiated during his years at Lindenhurst. His valuable advice and philosophy over the years, may well be a guiding force for many of us long after we have left high school.

We, then, the Senior Class of 1958, in recognition of these and other innumerable services, humbly and gratefully dedicate our yearbook to Mr. Lawrence C. Lobaugh, retiring Superintendent of Lindenhurst Schools.

Somebody said that it couldn't be done
But he with a chuckle replied
That "maybe it couldn't," but he would be one
Who wouldn't say so till he'd tried.

AND FACULTY
To the Class of 1958,
May I congratulate you on your successful completion of the first phase of your education.
Many of you will continue your formal education for a few more years while others will seek training and advancement in the business world without further educational assistance.
You stand on the verge of a new era. The world of electronic control, atomic power, and perhaps space platforms. We all look to you for the work, problem solving, and environmental control that will place our country in the safe, happy, prosperous position for which we are all striving. You must not fail. You are our greatest hope, our educated citizenry.

The Student Faculty Organization is Lindenhurst High’s version of student government. It is based on the idea that all students at Lindy should be represented in their government; as such, each homeroom appoints two persons to represent it at the formal meetings.

Cooperation of the students is shown by their willingness to abide by S.F.O. decisions and by their purchase of S.F.O. cards. An S.F.O. card entitles the owner to a reduced price for all school functions he attends, and further provides him with a free school newspaper.
Some members of the Society look over a student publication.

The Lindenhurst chapter of the National Honor Society holds a place of prominence at Lindy High. Great regard is constantly shown for the Society's principles and meaning. Requirements for admission are based on four ideals—scholarship, leadership, character, and service. This naturally creates a challenge to all students seeking membership. It is by means of this challenge that the Society is able to fulfill its aim of promoting student character and enthusiasm. Induction of new members is held twice a year at special assemblies. This policy further increases the honor of membership for it involves recognition by the entire Senior High.

Am I not a handsome yearbook with my soft cover, my smooth pages, my new design? I’m proud of these distinctions.

Yet, look at me again—beyond my obvious characteristics, for, I reflect many things which are not always noticed.

Naturally, I was not an easy book to create. In putting me together there were periods of frustration, of anger, of dissatisfaction. There were times I began to wonder about my outcome...such as when the Asian flu epidemic slowed down the senior portraits, or of meeting the deadlines, or when other mistakes were made that almost became a permanent part of me.

Yet, I need not have doubted my outcome, for there were several reasons I could not fail. One was the devotion of the staff, headed by an equally devoted and determined adviser, that labored and fretted over me constantly. Experts they were not, and pretended not to be; hard, honest work was their keynote for success.

I was further fortunate by being created in the midst of wide-spread cooperation. I wonder how I would have fared without the cooperation of the school, which gave me my own office, of the teachers, of the yearbook company, of the photographer, but most of all, of the Senior Class which was my creator and supporter.

Yes, I have a lot of which to be proud. Take notice of my soft cover, my smooth paper, my new design; but, don’t ever forget that there is a lot behind my creation—that it was through the efforts and faith of many that I, now, am able to serve you well.

THE BROADCAST, the student newspaper at Lindenhurst High School, is published monthly by interested students headed by Yale Murov, Editor-in-Chief, and supervised by Mr. Seymour Razler. A staff of thirty-five works to put out our BROADCAST each month.

Each issue is jammed full of news about school life, sports, social events and features such as Fashions, Platter-Chatter, Reviews, Introducing Seniors and School Exchange, which when compiled makes a good school newspaper.

FIRST ROW, left to right: Joan Smallberg, Sharon McGraw, Barry Barodel, Bruce Mishkin, Mr. Razler, Barbara Losi. The Future Nurses Club, under the leadership of Miss Doris Myers and Miss Jane Anne Hart, is composed of girls interested in the field of nursing as a probable career choice.

By helping the school nurses in their work and by means of various trips to nearby hospitals, the members are able to gain a great deal of knowledge and experience in this field. These activities also aid the girls in deciding whether nursing is the career they would most prefer.

Under the guidance of Miss Pfingst, the Senior High Librarian, the Library Club is accomplishing a unique service to the school. Its efforts are aimed toward improving library benefits to the students. The club accomplishes its aim by tireless work. Such items as cataloging, checking incoming and outgoing books, and filing books and cards in their proper places are handled daily by the members. A more efficient library has been the result.
Students planning a career in teaching comprise the membership of this club. Headed by Miss Pauli Markess and Mr. Joel Bartholet, this organization proves a real aid to its participants. Primarily, it offers the program of cadet teaching which enables the members to become acquainted with the teaching profession. In addition, though, scholarship reports and interviews with representatives of state teacher colleges help the members to more easily plan their college education.

One of the hardest working service groups is the Milk Staff. Each day, during lunch periods, they sell milk, cookies, potato chips and pretzels to the students. The staff is manned and sponsored by the Senior Class. The profits are used in providing the necessary needs of the Seniors, such as the Yearbook, Senior Dinner, and the Senior Ball.

The milk staff is under the able leadership of the Senior Class Advisers, Mrs. Fisher and Mr. Graboski.

The Cast
On November 8 and 9 the senior class presented "STAGE DOOR," a three-act comedy by Edna Ferber and George S. Kaufman. Almost all of the student body has either seen it or heard about it by this time. This is not the story of what occurred on those two nights, but of what happened behind the scenes. This is the story of the work and patience of so many people that made our play possible.

Tryouts were held in the high school seven weeks before the show went on. After a friendly but close struggle the cast was picked and rehearsals began in earnest. The cast, which consisted of fifty, was one of the largest in the history of the school. The tremendous task of organizing and directing rehearsals called for someone with great patience and understanding. Mr. William Bruehl, who became our director, had the wonderful disposition and understanding for which the job called. Without him there might not have been a play.

When we started six weeks seemed like a long time. We soon discovered, however, just how swiftly six weeks can pass. To say the least, rehearsing two to three hours, five nights a week for six weeks is a tough grind for anyone, but the Class of '58 came through with flying colors.

As the final week of rehearsing approached we were all nervous and very worried. We just could not believe that time could pass so quickly. All kinds of thoughts began to enter our minds. Would we remember our lines? Would we forget our cues? Would we do a good job?

Too quickly, the first night performance of "Stage Door" arrived. What went on behind the scenes that night was a sight to behold! The make-up staff putting on the last touches, boys trying to take the make-up smears off their collars, girls running back and forth looking for mirrors and combs, everyone taking a last minute look at the script, all added to the scene of confusion. When the band began to warm up last checks were made on the lighting and "Stage Door" was on!
The Senior High Band is always an active and integral part of Lindy High's functions. Under the direction of Mr. John Mungo, it has been able to develop a high standard of musical quality. The most well known service of the band is its participation at school assemblies and its presence at home football games. However, the band is also kept busy preparing for their various concerts which highlight each year. Further requests of their services are the various parades and dedications which frequently take place in the community. Each busy year is topped by a special banquet for the band members at which time, awards are given out and recognition is bestowed upon the entire band for its fulfilling work.
The Senior Choir has been gaining a place of prominence in our school and community in recent years. Proving an extremely flexible group, it has been able to present varied types of programs to suit their many engagements. Two of the popular events in which the choir participates are the Winter and Spring Concerts, which are true musical highlights at Lindy year after year.

Another common function of the Choir is to sing at special assemblies, such as those which occur around the holiday season. Fine performances are also given by the Choir when they participate in the NYSSMA Festivals. For other special recitals, a group of outstanding choir members are chosen, comprised of 8 boys and 12 girls. Truly the Senior Choir has become an active and enjoyable part of Lindy High.
Under the direction of Mr. John Mungo, the Dance Band, consisting of 14 talented musicians, performs its service to Lindy High by playing, upon request, at school dances, during the intermissions of school plays and at some of the assemblies. The Dance Band always has at hand a wide range of selections and produces a fine array of music guaranteed to please the fancy of all. It is no wonder that the Dance Band remains so popular and in demand year after year.

The Lindy Twirlers are noted for the precision and grace with which their routines sparkle. Whether performing at sports events or in stiff competition, these girls have always made a favorable impression. The advisor is Miss Arlene Born and head majorette is June Harrison. Patient and persistent practice always remains the main drive behind these girls' success. Routines are practiced to perfection in good spirit and with a bright outlook. For these reasons, the Lindy Twirlers have been able to consistently walk away with the highest honors from many contests and exhibitions.
Cheerleaders

Varsity

T-E-A-M! FIGHT, TEAM, FIGHT!
Such is the lusty spirit of the Lindy Cheerleaders as they cheer our team to ward off all opposition. A familiar sight at most of Lindy’s sports engagements, these girls remain devoted to their cause of bolstering our school’s spirit.
The Cheerleaders are required to maintain good standards of scholarship and character. However, the main requirement has always been that the girls remain enthusiastic to their aim.
Even if there be the memory of past defeats or the promise of strict opposition to come, the Cheerleaders never fail to turn in a spirited performance.

**Pep Squad**

The pep squad is a club mainly organized to encourage the students to attend athletic events in order to gain team spirit and show pep and vigor at games, thus giving the teams moral support. Advising this group in their activities is Mr. Robert Stewart.

A familiar way in which the pep squad hopes to arouse enthusiasm is by their sale of school banners at various athletic events. In order to finance their activities, the girls hold an annual cake sale which usually is quite successful.

Indeed, this group is doing its share to encourage enthusiasm in sports.

**Gymnastics**

The Gymnastics Club is yet another organization in our continually growing sports program at Lindy High, under the supervision of Mr. William Jubak. The participants of this club strive to develop physical fitness, poise, and coordination through gymnastics. The members strive to attain their aim by means of tumbling and also by exercising on horizontal bars, horses ropes, and a trampoline. The Gymnastics Club displays its work by performing at hospitals, assemblies and other non-profit events during the school year.

Though often lacking in well experienced members, the Dramatics Club, nevertheless, continues to present enjoyable shows each year. The main reason for this success is work—hard and constant. What is lacking in experience, is gained by the interest and active participation of the members.

In addition to producing plays, the Dramatics Club often takes theatre trips not only for enjoyment, but also to observe the various techniques of acting in use.

Coordinating the activities of this club are Miss Neva Wright and Mr. James Oliver.
Under the guidance of Mr. Raymond Agudo, the Varsity Club endeavors to promote enthusiasm and participation in athletics along with the standing policy of strengthening good citizenship.

One way in which this club carries out its aims is by presenting Most Valuable Player Awards in boys' sports. Another important part of this club is its annual Varsity Club Dance which is a highlight of the school year.

Membership to the Varsity Club is open to all boys who win a varsity letter. They are voted in by a simple majority of the existing members.

A new policy this year was the purchase of sweaters for the members, on which were fastened the letter each had won.

The usual last minute check-up before a school production.
New members learn use of equipment from more experienced members.

The Service Club is an organization consisting of thirty-three members headed by Mr. Cowan, the faculty adviser. A freshman interested in joining the club must serve one year as an apprentice and if he has served well he is then voted in as a permanent member the following year. To remain a member of the club one must accumulate a satisfactory average.

The activities of the club include the operation, delivery and minor maintenance of all audio-visual equipment. The club also sets up the audio equipment for dances, assemblies, show films, and operates tape recorders when needed.

A further job of the club is the work it does for various worth-while organizations in the community.

President Bob Kolczynski giving out assignments to Service Club members back stage.
The Junior Engineering Technical Society was organized in May, 1957 under the direction of Mr. Frisbie and Mr. Stewart. The JETS, a nationwide society, sponsored by Michigan State University, was formed to enliven interest in the sciences. Funds for projects are appropriated by Republic Aviation Corporation. These projects are constructed to add new equipment to the Science Department, to increase one’s rank in society and to gain knowledge during the preparation of these difficult endeavors. The organization is destined to become one of the most popular organizations in the High School if it continues at its present pace.
The Leaders Club gives friendly guidance in various sports activities. This is proven by observing a typical gym class in which Leaders participate. One would see Leaders taking roll, checking for proper attire, and helping the girls in actual skills. The qualifications for admittance to Leaders Club are varied. An average of not less than 80%, a personal tryout, in which one is judged on appearance, voice, leadership ability, and coordination, a vote of the club members, and not less than 125 L.I.G.A. points are some of the requirements which must be met.

These girls, once inducted, render special services to the school and community. Each girl assists in every phase of the physical education program, each plays a part in the hall patrol and ushers during open school night.

At the end of the year, three candidates are nominated to receive the "Leader of the Year" trophy. The girl that is chosen must have had one full year in Leaders Club, must be in good standing, and represent the typical leader, possessing the characteristics of reliability, patience, tact, a sense of humor, and leadership.
In this tense world of today, understanding and respect of other nations is becoming increasingly important. The German Club, in aiming to accustom its members with German language, customs and literature is, in a way, helping toward this aspect. Under its adviser, Mrs. Callahan, the club meets weekly to discuss work in progress and plans for future undertakings.

Composed of energetic and willing girls supervised by Mr. Cardinal, the Secretarial Club is a true work team. Many of the extra printed bulletins and other secretarial work around school is aptly handled by this club. Especially important is the policy of appointing secretaries to various teachers of the school. It is through their work that the members of this club are able to put into practice the principles and abilities they have acquired in the classroom.
The Latin Club seeks to bring about a better understanding of the Latin language and its derivations, along with the cultural aspects of Roman life and beliefs. Various phases of Roman life are discussed during the meetings and constitute the main work of the Latin Club. Even though lack of facilities often do not permit for more advanced projects, the Latin Club does well in proving that there is much of interest and knowledge to learn from Roman life of long ago.

The Spanish Club, under the supervision of Mr. Bartolomei, strives to increase knowledge in the various aspects of the Spanish language, culture and literature. The club accomplishes this aim mainly by means of frequent meetings which provides for ample discussion on the phases of most interest to the members. The club has been active in other respects and activities for the past year centered on such plans as films, a Spanish meal, a field trip, and a Spanish Play.

The football season of 1957 started with little promise. There were only four returning lettermen from the '56 team and the squad had to be rebuilt almost from scratch. At the first practice, approximately 35 candidates for the Varsity team were in attendance. All the boys hustled at practice hoping to secure a berth on the first team. For three weeks the team practiced vigorously before coming upon its first opponent. At the first game and throughout the season many Lindy rooters followed the games and did a great job of boosting the players' spirit. Fine jobs of leadership and encouragement were given by Head Coach Jack Fisher, turning in his second year as the Bulldogs' coach and assistant Coach Flath, who was in his first year with the team. On the field the team was piloted by co-captains Chuck Daniels and Stu Wirth.

At the close of the season nineteen letter awards were given to players. The seniors who received letters were: Richard Gilbert, Hank Wrieth, Otto Kost, Pete Lombardo, Al Bainton and Jack Riggs. At the Second Annual Football Dance, Stu Wirth was awarded the "Most Valuable Player Trophy." Also at this time it was announced that Paul Basilio, Bob Jost, and Marty Clark were elected as tri-captains for the 1958-59 season. All scholastic honors went to Stu Wirth as first string guard and Bob Jost as second string fullback.
Seniors and the starting lineup
... Lindy began readying for first contest on Sept 1 ... Bulldogs lose to Eastern M.A. Jost scores two TD's ... Asian Flu hits Lindy gridmen. First team reduced to four ... Game against Patchogue postponed because of the Flu ... Lindy beats Northport. Jost and Clark star ... Team spirit high despite injuries and sickness ... Team handicapped as practice field is graded for handball courts ... Bulldogs forced to travel every afternoon to Village Park ... Losses to South Huntington and Patchogue followed despite vigorous efforts on part of team and coaches ... Riggs scores TD on lateral from Jones ... Undermanned and out-weighed Bulldogs played best game against undefeated crimson tide of Amityville ... Lindy line great ... Lindy beats East Islip ... Wirth runs 60 yards. Bulldogs post 2 and 6 record ... Wirth and Jost named on All-scholastic teams ...

The basketball season got into swing in mid-November and a strong turnout of boys appeared at the first practice. In all, about fifty boys tried out for the J.V. and varsity squads. Returning from last year’s varsity were Bill Nast and Frank Cleary; other strong candidates for a berth on the varsity squad were Al Bainton, Marty Clark, Marty Daniels, Vinny Eiring, and Pete Nicolini, who were standout players of the J.V. squad last year. After a week of practice the squads were finally selected and the coaches got down to the task of getting their teams ready for action. Coach Scalfani’s varsity club was lacking in the height department, but his players were all hustlers; this always kept the games nip and tuck.

Frank Cleary was side-lined at the beginning of the season because of a knee injury and Al Bainton was lost at mid-season when he broke his arm. Yet, with all these handicaps, the team, nevertheless, scored impressive wins over South Huntington Bay Shore, and Northport.
BILL NAST — Senior, 6'3". Bill was the only returning letterman from last year’s Varsity. Captain of the squad, Bill led the team in scoring and rebounding.

CHUCK DANIELS — Senior, 5'9". Chuck was a great asset to the team. He was a good man both on defense and offense as well as a good back court man.

MARTY CLARK — Junior, 6'. Marty came up from last year’s J.V. and did an excellent job of rebounding and hustling. Big things are expected from Marty next year.

MIKE FLANNERY — Sophomore, 6'. Mike, brought from the J.V. squad after showing fine ability, proved to be a fine rebounder. With two years to go, he should be at the top when he’s a senior.

PETE NICOLINI — Junior, 5’8". Pete was the playmaker of the team. He did a good job not only in setting up the plays but was also important on the defensive.

FRANK MAGNI — Junior, 5'11". Frank, a hard player with a good outside shot, is a good prospect for next season.

DOMINICK ESPOSITO — Senior, 5’10”. Dom backed up the bench for Coach Scalfani and played good ball when he got his chance.

AL BAINTON — Senior, 5'11". Coming up from J.V., Al was soon second in scoring and rebounding but a broken arm halted him in mid-season. Because of this, the team lost a good player.

VIN EIRING — (not pictured) — Junior, 5'10". Vin was one of the stronger reserve players. When needed, he always turned in a good game.
Lindy, despite height disadvantage gives Baldwin a good name ... East Islip B-1 champs beat Lindy ... Nast gets 27 ... Lindy beats Bayshore ... Bainton, Nast, Clark spark victory; good team effort ... Baldwin beats Lindy ... Daniels gets 13 ... Babylon beats Lindy in final minutes ... Lindy romps over Northport ... Bainton—19, Clark—17, Nast—14, lead attack; Nicolini passes well ... Huntington, the league leader beats Lindy in final minutes on foul tosses; Nast and Bainton get 19 each ... Lindy suffers loss in scoring department as Bainton's side-lined with broken arm ... Lindy beats South Huntington ... key to victory is strong defense ... scoring of Nast, rebounding of Clark, and defense of Nicolini responsible for win ... Sophomore Mike Flannery brought from J.V.—gets 8 points in Varsity debut ...

Wrestling each year in Lindenhurst is received with great enthusiasm and this year a strong turnout appeared at the first tryout. Returning from last year's Varsity squad were John Quigley, Stu Meyerson, John Riggs and Bill Patterson. Then there were also many J.V. boys who were trying to make the Varsity.

The team did fair in the league matches and did a neat job of downing Riverhead and Islip. Lindy had three of its outstanding wrestlers in the finals of the Easterns. Bill Patterson took first place in the 116 weight class while Stu Meyerson and John Quigley took 2nd in their respective weight classes.

Varsity coach Joe Victor and J.V. coach Charles Skiptunas did a fine job with the boys and are due much credit for their tireless effort.

Baseball

Baseball comes too late in the year to give a detailed coverage of it but we can give you a peak at what we foresee for the team. This year the Varsity is being coached by Mr. Cartier, who from what we have heard has a fine record at coaching. Returning from last year's Varsity will be Al Bainton, Hal Hickey and Stuart Wirth. The team also has many of last year's J.V. players who will be trying to land a starting berth on the Varsity. Among the new players to watch will be Paul Basilio and Joe Ketcham. The potentiality of the team is very promising and with a little hard work Lindy can be among the top teams.

Cross-Country
An exceptionally strong showing turned out at the beginning of the track season. With this kind of enthusiasm, head coach, Carl Greenhut, made a prediction that Lindy's track men would give a fine showing for the coming season and in years to come. Assistant coaches this year included Mr. Flath, Mr. Floryshak, and Mr. Agudo.

Since many of the boys lacked track experience, practice was started in earnest as soon as possible. Past trackmen proved valuable in helping to teach those who were new on the team.

This year’s season also marked a heavy schedule of meets in order to build up experience and further boost enthusiasm. The track team should be indeed worth watching in years to come!
Since the formation of the U.S. Field Hockey Association in 1922, field hockey has become a popular sport in the athletic programs of many American schools and colleges. Lindy High is certainly no exception to this spirit of enthusiasm for the game. The opening of the field hockey season was a welcome sign for a number of our sports-minded Lindy girls. Once organized, the team practiced long and hard, preparing to meet and beat rival teams from other schools.

Under Miss Larkin's able and patient coaching, the Senior Team was able to finish their season with two wins and no losses. In addition, the Honor Team was able to wrap up their season with two ties and one loss.
There proved to be much interest in volleyball this year among Lindy girls. This was proved by the exceptionally large turnout for this sport, which outnumbered the turnout for any of the other girls' sports during the year. Along with this enthusiasm, Miss Larkin's excellent coaching and the "Brushal Brushal" slogan helped make this year's season full of zest. The Senior Team ended the season with a tally of five wins and four losses. The highlight of the season came when the Honor Team won four out of five games at the volleyball playday.

"Batter up" was the call the Lindy girls heard as they began the first game of a four game series in the June '57 Sportsday. Participating in the event, which was held at Mepham, were: Terry Owens, Diane Lobaugh, Dorothy Schnider, Gail Mathies, Marian Messena, Valerie Lewkowicz, Joan Markar, Christine Schacker, Jerilyn Hirschman, Loretta O'Brien and Elaine Poldino. After an enjoyable and thrill-packed afternoon the Lindy Honor Team left with a one win three loss record. Although the record was not too impressive, much credit should go to the coach, Miss Larkin for making the season both educational and enjoyable.
Gold Key

The highest award given by the Girl’s Physical Education Department is the Gold Key. It is awarded to a girl when she has earned 600 LIGA points over a four year period. Since the most number of points that can be earned in one sport is 45, it is evident that much time and work is devoted by the girls to achieve this goal. For these girls, effort and time has yielded enjoyment and the honor of being the holder of the Gold Key.

The world of today holds a number of prophets. Their predictions ring out for many to hear. However, in the shuffle of time their prophecies lose their power and are forgotten by all but a few.

In order that our own Senior predictions will always be at their highest peak of interest, our two special crystal gazers, Roy Reese, and Russell Lamm set out to discover the outcome of some of our more worthwhile predictions. Believing that, "a picture is worth a thousand words," they slung a camera on their shoulders and put on film what they believed to be the more humorous side to the future.

Their results are below; the '58 Bulldog was well satisfied with their work. Take a peek at the picture, guess what it represents; then, note the actual corresponding prediction and see if you agree with our guess at what the future holds.
What Do You Expect to Be Doing Ten Years from Now?

1. "I hope to be working in a bank"
2. "I hope to have a start on my career of being a famous painter"
3. "In ten years, I'll be the Champ"
4. "Successfully working in my chosen field and married to an understanding person"
5. "I'll probably be married with a good job. I hope to get into construction"
6. "All the teachers say I'll be a successful architect some day"
7. "One thing for sure! In ten years I'll really be cleaning up"
8. "I think I'll be beginning a long career in drafting"
9. "My favorite sport is bowling, so in ten years I'll probably be in some tournament"
10. "I hope to be a happily unmarried bachelor"
11. "I can hardly wait to own my own beauty shop and create new hair-do's"
12. "I'll be working as an electrical engineer on an important scientific project"
Our Junior Prom

... We could have danced all night...
And still have begged for more...
"We looked good"—(in practice, that is—)

"And then the game started . . ."

"They looked flabby and out of shape" (so they led us to believe)

"We scored at will" (during time outs)

"We showed them we were tough, . . . but we lost."
"Easy with that nitro and lots of luck!!!"

"Sorry girls, this is a down staircase"

"What will you do for your next trick?"

... "I always have lab before lunch" ...

"We couldn't wait to get in school?"
