WHO ARE THE BOARD MEMBERS?

They are unpaid officials elected by the taxpayers to take the formal legal actions and assume the major responsibility for the conduct of schools. These people all work at making a living or work in their homes - just as you do. therefore the Board President must delegate certain responsibilities to the Superintendent of Schools and will ask him to make reports to the Board of Education. This is necessary and proper procedure.

PAUL H FRIED

RICHARD J. BIANCANIELLO JAMES F. CONNOLLY JOHN J. DIFFILY

To the Class of 1993

In extending my sincere congratulations to the graduating class of 1993, I regret only that we must part so soon. Unlike you, I am completing my freshman year at Lindenhurst High School, but during this year I have met and closely worked with you on so many occasions. Your High School years have been marked by great and memorable moments. In many ways these years have been the staging ground for the great issues in your future.

I am certain that the class of '93 will provide the future with its fair share of professional, business and civic leaders. It is entirely possible that among the graduates whose photographs are featured on this years pages of Bulldogs 1993 are the young men and women who will develop cures for dreaded diseases, take the lead in solving the internal problems of our nation and help create the magic formula to end war and the threat of war for all time.

Your graduation is not a conclusion, but a significant beginning. We will hear from your class - through your work, through your service to the community, and through your continued efforts to learn, and to respect what Lindenhurst High School stands for. Your teachers, counselors, administrators, parents and friends have all contributed to what you have become namely, a graduate of Lindenhurst High School. Consider all that you have achieved thus far and persue your future goals with the same success you have demonstrated here at LHS.

As you leave , I hope that your High School experience has provided — along with factual knowledge — a realization that duties exist side by side with rights, that decency and respect are not old fashioned concepts and that dignity is something that belongs to all mankind.

Congratulations and my best wishes for your continued success

TO THE 1993 TEACHER OF THE YEAR

For a man who is wonderful example of what more men should be. For the person whose devotion to his family, friends and school is marked by gentle strength & guidance. And whose love of life, sense of direction, and down to earthwidom is seen at home, school, adn on the football field. We want you to know that you mean so much to us than words could ever describe. We thank you and love you with all of our hearts. If only you knew how much we respect and admire you then just know That we think you're the best father any family ever had. We love you! -Your children

As we start a new decade, we look ahead to many sacrifices, promises of prosperity and change. One thing that will not change is this man's faith in our futures. He is a loving father and husband; defining the true meaning of family values. A hightened awareness of this man's being came from a life threatening illness. Through the support of friends, colleagues, students, athletes and family this truly gifted man will once again bring his unique wisdom of teaching into the classroom, our hearts, souls and spirits.

In honor of this Social Studies teacher- it is our pleasure to dedicate the 1993 yearbook to an outstanding teacher, coach and friend: Mr.

Edward Hayes.

With love & admiration,

The 1993 Yearbook Staff

May we always teach our children with books?

Let them look at the mountains and the stars up above.

Let them look at the beauty of the waters and the trees and the flowers on earth.

They will then begin to think and to think is the beginning of a real education.

YOUNGER YEARS

And then I think of you It's funny how some little thing can bring back a happy memory

and turn your thoughts to someone who means so much.

It might be the sound of faraway laughter, the fragrance of a backyard bouquet or a sourvenir of a place visited, a time shared

Often some little thing will come along and make me think of you.

And when I do I always smile. . . remembering our special times together.

GIRLS' VARSITY TENNIS

This year was an exciting one for the Girls Varsity Tennis team. With only 5 returning players and a move to an upper ability league, the season proved to be guite challenging.

As the team worked hard and struggled to gain some experience their intensity paid off with awesome wins against the 2nd and 3rd place teams in the league.

"It was also very exciting to watch first singles Kelly Eiring remain undefeated till the last match of the season." Coach Oislander adds, "I couldn't have been happier for Kelly. She worked so hard for it and it's a pleasure to watch hard work pay off for an athlete. As for the rest of the team, it was one of the nicest teams I've ever coached and I enjoyed each and every one of them."

Varsity Baseball competes in what is arguably the best league in Suffolk County. This year's team is composed of ballplayers who play school, summer and fall baseball. They have played more games than any team in recent years.

Leading the Bulldogs is third year Varsity Starter Brian Conobbio. Brian was selected All League in '91 and in '92. Newsday listed Brian as one of the top 10 players in the county in their baseball preview.

Other senior players are: Gerard Raimondi, a .400 hitter as a junior, Power hitting first baseman/pitcher Brian Gleason, catcher Andy Terzella, who is a solid hitter, Mike Fischetti who runs down baseballs with the best them, pitcher Bob Weiden and outfielder Billy Grieshaber. Rich Corbino and Frank Vitale are up from JV to help varsity.

The baseball program and staff wishes our seniors success in the future. Hit homeruns in the game of life!
