### SECONDARY INSTRUCTION

David Lefton

To the Class of 1987:

I am hopeful that we have provided you with a sound education. This education has been sound if we have taught you how to learn. Through learning you become a better person; a person who understands that part of being brave is to fear. Learning shows us that the purpose of life is to do something that makes a difference. Unless you understand the importance of learning, the many experiences you've had at Lindenhurst High School and all we have taught you will be of no value. You are all unique individuals and you must discover that uniqueness. Once you have discovered and developed your special gifts, then the greatest contribution you can make to society is your uniqueness. From our association, I consider myself fortunate to have known you and for the knowledge I have gained from you. Thank you for all you have contributed to Lindenhurst High School. Go out into the world and continue to give to yourself so that you can give to others.

God Bless Each of You

**Frank M. Smith**
